

Sixth Grade Curriculum

Experience a warm, friendly classroom where students grow in spiritual, academic and social integrity. Throughout the year students experience a variety of activities designed to help them grow. In the fall we have a 2 day outdoor education opportunity. Other highlights of the year include presenting a chapel program science fair, and field trips.

Bible: Studying God's Word (Christian Liberty Press)

A chronological study on the Message and Ministry of the Lord Jesus Christ.

Language Arts/Reading

Writing

Students will learn the importance of organization in writing, which includes creating strong topic sentences. Students will also practice the three different types of essay writing (expository, persuasive, and narrative), and complete a variety of creative writing assignments as well as a research paper.
